

WEST LAFAYETTE FIRE DEPARTMENT

300 NORTH STREET

WEST LAFAYETTE, INDIANA 47906

765-775-5175

Ensuring West Lafayette is always a safe and great place to work, live, and play.

June 30, 2017

TO: Mayor John Dennis
West Lafayette Common Council

FR: Chief Timothy J. Heath

RE: June 2017 Report

Call Totals: West Lafayette Fire responded to 180 Total Calls in June: 118 Medical, 13 Fire, 10 Hazardous Condition, 17 Service Calls, 9 Good-Intent Calls, 9 False Alarms, 1 Special Incident, and 3 Other, bringing the total number of runs for the year to 1,041.

Training: The department kicked off June with an Emergency Medical training session with all three shifts. New training instructor Chris Jones from St. Elizabeth EMS offered a training session on patient assessment which was a great refresher for all. West Lafayette Fire and Police continually work together to be prepared for active shooter situations. This month, the department hosted the latest Active Shooter training at the Wabash Landing 9 movie theater with all shifts participating. Deputy Chief Schutter and Rolls Royce staff provided an educational tour and pre-plan of the new Purdue/Rolls Royce building, discussing on-site hazards and equipment to all members of the department. Personnel continued their education and training with the National Incident Management System 300 and 400 classes at the TEMA Emergency Operation Center and the Hazmat Technician course sponsored by the district 4 training element. All of this plus all three shifts at all three stations took part in training sessions, including area familiarization, map study, truck checks, EFO and Public Manager, pump operations, and rope training, bringing the total man hours of training in June to 497.

Retired: Assistant Chief Bob Molter retired after nearly 38 years of service. Best of luck to Bob in his future endeavors!

Respectfully submitted,

Timothy J. Heath
Fire Chief

300 North St, West Lafayette IN 47906

June 2017 Training Report

The month of June started with an Emergency Medical training session at Station 2 with all three shifts. A new training instructor from the St. Elizabeth EMS education started as our training instructor this month. Instructor Chris Jones brought a training session on patient assessment for our firefighters this month. The training was a good refresher on this topic and provided 78 man hours of training for our personnel.

Active Shooter situations have become more frequent in the United States in the last couple of years, West Lafayette Fire and Police Departments are continuing to adapt to this type of risk. The departments have worked together to form plans to deal with this type of emergency and train each year on different active shooter situations. This year the department had the great opportunity to host this training at the Wabash Landing 9 movie theatre. The movie theatre provided a great venue and helpful staff to help this training session take place. This active shooter training covered all three shifts and provided 60 man hours of priceless training and education.

Also in June, Deputy Chief Schutter and Rolls Royce staff provided an educational tour and preplan of the new Purdue/ Rolls Royce building near US 231 and State St. The staff from Rolls Royce walked personnel through the building discussing hazards and equipment that would be on site. Purdue Fire Department was also invited to take part in this preplan along with the West Lafayette personnel. The tour provided 39 man hours of planning and training.

June also brought two training opportunities for a few fire department personnel to advance their training and education level. One opportunity was the National Incident Management System 300 and 400 classes hosted at the TEMA emergency operation center. The second opportunity was a Hazmat Technician course sponsored by the district 4 training element. These two courses provided 120 man hours of training for these firefighters.

Throughout this month personnel from all three shift and stations completed 200 man hours of training sessions. These training sessions lead by shift personnel consisted of area familiarization, map study, truck checks, EFO and Public Manager, pump operations, and ropes training. June was a busy month in training and the Fire Department personnel grew in knowledge and abilities. The total training hours for the month of June were 497 man hours.
